

## How to Add PWA to Apple Device's Home Page

### Direct URL:

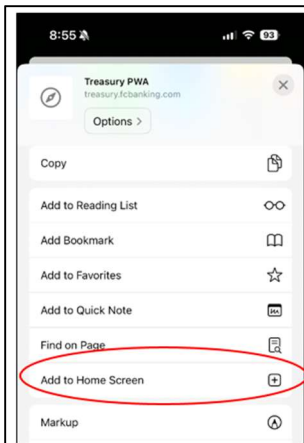

<https://treasury.fcbanking.com/pwa/fcbanking/login>

If searching the direct URL in Safari, below are the steps customer's will take to push the tile onto their homepage.

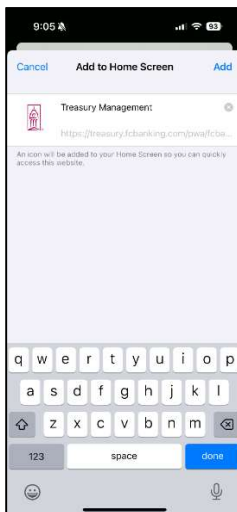

1. Click the share icon.

2. Scroll until you find 'Add to Home Screen'.

3. Customers can rename the tile if they would like and click Add.

4. Once finished, click done and the tile will on the user's home screen.
