

To First Commonwealth Bank Leadership,

I am writing on behalf of \_\_\_\_\_ which has maintained its account with First Commonwealth since 1983. We have always valued the relationship with your institution and the service provided by our local branch.

We were saddened to learn that the McDonald branch is scheduled to close. This decision will significantly impact our congregation and the broader community. Our church along with many other churches and local businesses has long depended on the convenience and accessibility of this branch for deposits, financial services, and personal interaction with staff who understand our ministry and local needs.

The closure would not only disrupt our operations but also create hardship for many in the community—particularly seniors and those without easy access to transportation. For an institution like ours that has demonstrated loyalty for more than four decades, this feels like a substantial setback.

We respectfully ask that you reconsider this decision, or at least explore alternative solutions such as a different location within McDonald so that you would continue serving our community.

Thank you for your attention and for the service you have provided us throughout the years. We hope FCB will continue to honor its commitment to the people who have trusted it for so long.
