

## How to Add PWA to Android Device's Home Page

### Direct URL:

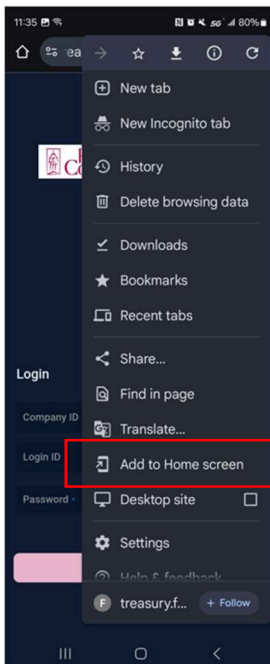

<https://treasury.fcbanking.com/pwa/fcbanking/login>

If searching the direct URL in Google, below are the steps customers will take to push the tile onto their homepage.

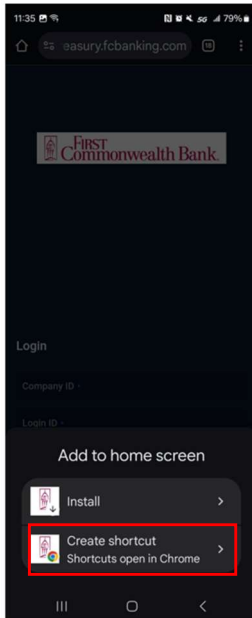

1. Click the three dots in the upper right hand corner.

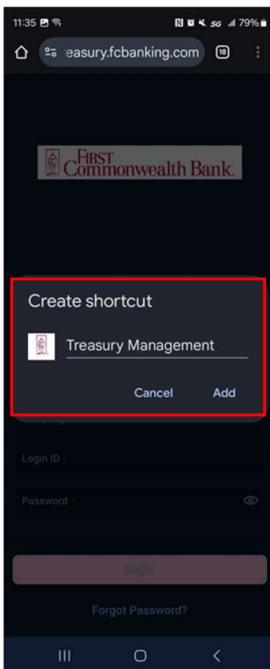

2. Click 'Add to Home screen'.

3. You will be prompted to Install or Create shortcut. Click 'Create shortcut'

4. Rename your shortcut. In the example below, we used Treasury Management. Once finished click 'Add'.

5. You will be prompted to add the shortcut to your Home screen. Click 'Add'.
